

Lisa Svensen

Lisa has been diving since 1995 and started doing underwater photography within competitions in 2010 where she participated in the National championship. In 2013 she became the national champion and participated in her first world championship in 2015. Since then, Lisa has become the national champion seven times and participated in the World and European championships six times. Her best achievement was a bronze medal and great placements in the top ten each time.
