

**Steven E. Miller**

I have been shooting since 1976, and have worked for Ikelite Underwater Systems for the last 15 years, during which many of my images have been used in advertising and tutorials. I shoot with a Canon camera and Ikelite housing and flash.

**Accomplishments: 2014 Grand Master award (UWP)**

From the Panel: «Steve's unique style is easy to spot among the thousands of entries in the contest. With great attention to detail, Steve is constantly evolving, trying out new techniques and experimenting with various subjects and lenses. We have had the pleasure of enjoying 374 of his entries to the contest since 2014, with wonderful imagery from all around the world. Thanks for the inspiration Steve!»
